

SOLID GOLD

SPRING SUMMER 2024  
exclusive in- & outdoor cushions

# ABOUT

Sometimes opportunities come along, say “right time, right place”, that you have to grab with both hands: Solid Gold is such an opportunity for us.

A chance to share our **love of interior design** with others.

A chance to do justice to honest and **beautiful fabrics**, in your home.

We only want to make products that make us happy. Made in the right way, with the best materials and at a fair price.

We make **cushions** that make your home world even more beautiful, and that make you as **happy** as we are!

The beautiful fabrics we work with are **selected with care**. Our fabrics are mainly produced in Europe. We work exclusively with (local) **Dutch companies** and ateliers that participate in a green production process. Our inner cushions are filled with **50% recycled duck feathers** and we work with a workshop that helps people with a distance to the job market.

The result: insanely beautiful cushions, of **high quality**, that are **handmade in The Netherlands!**

Enjoy our collection!
